The Impact We Wish to Deliver

- Integration, and increased retention of underprivileged students from transitional communities, into the public education system
- Improved health indices (body weight, height, BMI) through meal supplements and regular health check-ups
- Overall personality development through specialized learning programs

What We Do

- **Classroom teaching** in foundational subjects such as English, Hindi, Maths, EVS and Computer science – to reinforce concepts and help students “catch up” to their peers.
- **Nutritional support** with 1 meal a day with minimum of 500 calories, 8 grams of protein, and other vital nutrients.
- **Health check-ups** including anemia testing, immunization support, and eye check ups

AFTER SCHOOL CLUBS

Holistic development of the child:

- Foundational learning
- Promoting health & immunisation
- Providing nutritional support
- Extracurricular activities
- Safe space for social interaction

Our 'After-School Club' (ASC) program in Gurugram, Haryana, aims to supplement the functioning of the mainstream public education system for the transitional communities, by focusing on the following activities.

We work towards helping 'out of school children in developing the basic skills needed for them to be ready to take on formal learning in schools.

We also provide after-school support in the form of doubt clearance and reinforcement of key concepts for children who are already enrolled in government schools.

We essentially incentivise participation and involvement in learning through parent engagement and incentives like the provision of school supplies and learning aids, a meal supplement per day, as well as regular free health check-ups for the holistic development of our children.

**4 After
School Clubs**
481 children

KEY ACTIVITIES

The children continued to come to school through the summer.

01

Regular Classes

Regular classes continued through the quarter, but for a month long summer break, in which children came to school for four hours of fun activities, and a meal.

02

Extra-curricular activities

Sundays continued to be fun-days, with four hours fun and frolic: hobby classes, outdoor games, singing, dancing, mehndi, sewing and cooking

03

Health Check

Monthly recording of height, weight.. On schedule supplements, and help with healthcare navigation.

04

Immunisation

The children got their routine immunisation, polio drops, deworming medication and vitamin supplements as prescribed

ACADEMICS

Routine classes continued from April to end of May. The heat wave meant that the school operated only for four hours in June 2024. For those children who did not travel during the summer, this was a welcome break from routine!

NUTRITION

Feeding India now provides our children with nutritious hot meals daily. This collaboration means our students are well-nourished, which will promote their overall well-being- and enhance their capacity to learn and thrive academically. Together, we are fostering a healthier, more focused learning environment.

SUMMER CAMP

Summer camp meant creative activities such as paper garden preparation, clock making, thumb painting, ice cream crafting with paper, and drawing flowers using pulses. These hands-on projects nurture their artistic skills and imagination, providing a fun and educational outlet for their creativity and energy.

INDOOR FUN

Our children continued to have fun: art, music, board games, sports, and educational adventures, creating cherished memories and more importantly, staying away from the merciless heat

EYE CAMP

On 9th June 2024 we conducted an eye camp at ASC 4, focusing on serving the community, especially mothers and the elderly. The Eye Camp was supported by Benetton and Microvision- which meant everyone who needed medication and/or glasses, was provided both, free of cost.

Special thank you to the
Team of Benneton India

- Mr. Vivek Mukherjee
- Mr. Yashwant Singh
- Mr.Chinmay Vaishampayam
- Mr. Ajay Modi
- Mr. Pradyumna Kumar Rath

PTM

Parents play a crucial role in our After School Clubs (ASCs). Every month, they actively participate in the Parent-Teacher Meetings (PTM), showing their commitment to their children's education. Their regular attendance helps us strengthen the bond between home and school, ensuring better support for the students.

Club	Apr-24		May-24		Jun-24	
	Date	Attendance	Date	Attendance	Date	Attendance
ASC-2	21-Apr-24	74/176	19-May-24	74/176	26-Jun-24	55/176
ASC-3	21-Apr-24	40/93	19-May-24	46/93	26-Jun-24	60/93
ASC-4	21-Apr-24	38/88	19-May-24	40/100	26-Jun-24	42/100
ASC-5	21-Apr-24	50/110	19-May-24	53/112	26-Jun-24	35/112

NEXT STEPS

We continue doing what we are doing, and hope to bring more children into the educational mainstream.

Our efforts for their holistic development remains on course.
