AFTER SCHOOL CLUBS

Holistic development of the child:

- Foundational learning
- Promoting health & immunisation
- Providing nutritional support
- Extracurricular activities
- Safe space for social interaction

Our 'After-School Club' (ASC) program in Gurugram, Haryana, aims to supplement the functioning of the mainstream public education system for underprivileged, transitional communities, by focusing on the following activities.

We work towards helping 'out of school children in developing the basic skills needed for them to be ready to take on formal learning in schools.

We also provide after-school support in the form of doubt clearance and reinforcement of key concepts for children who are already enrolled in government schools.

We essentially incentivise participation and involvement in learning through parent engagement and incentives like the provision of school supplies and learning aids, a meal supplement per day, as well as regular free health check-ups for the holistic development of our children in the urban slums of Badshahpur, Gurugram.

**5 After
School Clubs**
677 children

INTRODUCTION

The Impact We Wish to Deliver

- Integration, and increased retention of underprivileged students from transitional communities, into the public education system
- Improved health indices (body weight, height, BMI) through meal supplements and regular health check-ups
- Overall personality development through specialized learning programs

What We Do

- **Classroom teaching** in foundational subjects such as English, Hindi, Maths, EVS and Computer science – to reinforce concepts and help students “catch up” to their peers.
- **Nutritional support** with 1 meal a day with minimum of 500 calories, 8 grams of protein, and other vital nutrients.
- **Health check-ups** including anemia testing, immunization support, and eye check ups

KEY ACTIVITIES

01

Regular Classes

Regular classes continued through the quarter, after the month long summer club. There was lots to learn, and catch up on!

02

Extra-curricular activities

Sundays continued to be fun-days, with four hours fun and frolic: hobby classes, outdoor games, singing, dancing, mehndi, sewing and cooking

03

Health Check

Monthly recording of height, weight.. On schedule supplements, and help with healthcare navigation.

04

New Developments

This was a busy three months: A new Club 6, the daycare program became more streamlined, the Special Abilities program was revamped, and ASC4 got a new building!!

ACADEMICS

Children attending the Vision Unlimited After School Club show steady academic improvement. Regular support with homework, personalized attention, and engaging learning activities have enhanced their understanding and performance in core subjects. Teachers report increased confidence, better classroom participation, and a positive attitude toward learning among the students. T.

NUTRITION

Feeding India now provides our children with nutritious hot meals daily. This collaboration means our students are well-nourished, which will promote their overall well-being- and enhance their capacity to learn and thrive academically. Together, we are fostering a healthier, more focused learning environment.

EXERCISE AND PLAY

Exercise and play help children stay healthy, happy, and active. At Vision Unlimited After School Club, we encourage fun activities that build strength, teamwork, and confidence. Through games and movement, children develop better focus, learn new skills, and grow stronger every day—both in body and mind.. the children stepped outside to play. Of course the morning exercise remains a part of our curriculum, as always

GIRLS CIRCLE

The girls get together to discuss problems related to adolescence, menstrual health and any other problems that they face. The teachers are the facilitators for the dialogue, finding solutions for their problems, and help them with healthcare navigation.

THEATRE AND POTTERY WORKSHOPS

The clay modeling, pottery, and theatre workshops at Vision Unlimited offered children hands-on experiences to express creativity, build confidence, and develop life skills. Led by Mr. Gopala, the theatre session promoted teamwork and communication, while clay art inspired imagination. Both activities empowered children through joyful, skill-enhancing engagement.

DAYCARE CENTER

Our after school clubs usually take children above the age of four. But many of our older children are also child minders for their younger siblings, as their mothers go to work. They can, therefore, not attend school.

To help them continue their education, we started a small play area for children even two years old, in the ASCs. We now have forty children in this program. All our ASCs now support our older students by taking care of their younger siblings during school hours.

SPECIAL ABILITIES PROGRAM

SAb is our program for including children with special abilities into our Club. We have twenty children in our family who struggle to come to the Club because of physical, emotional or intellectual limitations. Our teachers visit them twice a week, at home, with little treats, snacks, and teach them at home.

The program is now getting a much needed facelift - Rao Inderjit Singh uncle, our Member of Parliament, has given us a comfortable, new car so the children can now come to school instead, and study with their peers!

OUR FRIENDS WHO VISITED US

Our friends from Hero Motor Corp. & Benetton came carrying gifts and snacks for the children, and spent a delightful day playing music, and working on art and craft projects. it is a visit that will be remembered by all

OUR READING PROGRAM

Our friends from KPMG are now coming regularly to read with, and to, the children . We are looking forward to our children learning to read better, and enjoy books-very especially in English.

Daytrip to Sultanpur National Park

The visit to Sultanpur National Park was transformative for Vision Unlimited's After-School Club. Many children experienced a National Park for the first time, sparking curiosity and dreams of conservation careers. The guided walks nurtured learning, confidence, and teamwork, offering a joyful break from hardship. This exposure planted seeds of possibility, aligning with our mission of empowerment through experiential learning.

Supplementary Nutrition

We offer daily hot meals, and in this quarter, we supplemented that with take-home nutrition packs of rice, lentils, peanuts, and oil. This dual approach combats malnutrition by supporting children at school and home, especially on days when the children don't come to school. We plan to add parent-focused nutrition education to amplify the impact.

Uniforms

Our children got a new set of school uniforms which seems to have boosted attendance, and fostered belonging. Students feel like “real students,” and parents see increased pride. More than material aid, uniforms are known to drive inclusion, empowerment, and motivation, transforming the educational experience across multiple dimensions.

Teachers' Workshops

We also conducted a transformative three-day capacity-building workshop for teachers, focusing on innovative pedagogy and child-centric learning. This included new TLMs enhanced training on activity-based learning, classroom management, and inclusive practices. The workshop empowered educators and students alike, integrating life skills and values like empathy, responsibility, and critical thinking—fostering confidence, collaboration, and a shared commitment to quality education..

It was also an important team building exercis, and our teachers are ready for an invigorating new academic year ahead!

Our Bright New Classrooms

Two of our centres got a dramatic facelift, with beautiful wallpapers in our classrooms, much to the delight of the children!

All their favourite cartoon characters are on the walls in a delightful display of colours and the children love their new classes! Lessons are more fun with a giraffe looking over your shoulder!!

Bharatnatyam Recital

In a fast-paced world, Bharatanatyam artist Tanya Saxena brought beauty, grace, and inspiration to Vision Unlimited After School Clubs, courtesy SPICMACAY. Trained by legends, Tanya's art and kindness ignited wonder in children's hearts—opening doors to dreams, creativity, and a future shaped by expression, culture, and timeless tradition.

Health Awareness

We also had three engaging health awareness sessions for students, focusing on disease prevention, nutrition, and hygiene. A hygiene kit for dental, personal and menstrual hygiene was also distributed for the children. A special session on menstrual health empowered older girls with accurate information and confidence. Personalized hygiene kits were distributed, aiding students in applying learned practices. Post-session, teachers observed improved hygiene habits and reduced anxiety among girls. Vision Unlimited's Girls Circle fosters confidence, better health and holistic development, promoting wellness for adolescent girls.

REPUBLIC DAY CELEBRATION

The Republic Day celebration at Vision Unlimited After-School Club on 26 January 2025 was vibrant and inspiring. Chief Guest Mr. Puneet, Managing Director of Gignmos, hoisted the flag. Children showcased patriotic performances. Motivational speeches, interactions, and sweets concluded the event, leaving a lasting impression of unity, patriotism, and inspiration.

LOHRI CELEBRATION

Vision Unlimited's After-School Club celebrated Lohri with great enthusiasm. Children enjoyed a mock bonfire, danced to folk songs, performed skits, and shared traditional sweets like tilgul and popcorn. The event highlighted Lohri's cultural significance, promoting joy, unity, and learning, while fostering a strong sense of community among all participants.

BASANT PANCHAMI CELEBRATION

Children of Vision Unlimited After School Club celebrated Basant Panchami with enthusiasm. Dressed in their ethnic finery, they participated in Saraswati Puja, sang devotional songs, and enjoyed kite flying. Art and craft activities highlighting the festival's theme were organized. The celebration fostered cultural understanding, joy, and a spirit of learning among the children.

HOLI CELEBRATION

Holi, the vibrant festival of colors, celebrates the arrival of spring and the triumph of good over evil. People smear colors, enjoy sweets, and dance to festive music. Bonfires are lit on Holika Dahan night. It fosters unity, joy, and a spirit of togetherness across communities.

EID CELEBRATION

Children at Vision Unlimited After School Club joyfully celebrated Eid with vibrant decorations, traditional sweets, and cultural performances. They shared the significance of the festival through songs and stories, promoting unity and respect. The event fostered a spirit of togetherness, making the celebration both educational and memorable for all.

PTM

The monthly parents-teacher meeting took place, fostering collaboration and discussion on student progress. Parents and teachers discussed academic performance and social behavior improvements. The PTM was a resounding success, leaving parents encouraged and motivated to play a more active role in their child's educational journey. Vision Unlimited remains committed to nurturing students' potential and building a strong partnership with parents to ensure their children's success in all spheres of life.

NEXT STEPS

We continue doing what we are doing, and hope to bring more children into the educational mainstream.

Our efforts for their holistic development remains on course.
