

# VISION UNLIMITED AFTER SCHOOL CLUBS

**Quarterly Report  
Oct- Dec 2022**

Dr. Shibal Bhartiya

# ABOUT US

## The Impact We Wish to Deliver

- **Integration of underprivileged students** into the public education system
- **Increased student retention** in public schools
- **Improved health indices** (body weight, height, BMI) through meal supplements and regular health checkups
- **Overall personality development** through specialized learning programs

## Key interventions We Make

- **Classroom teaching** in foundational subjects such as English, Hindi, Maths, EVS and Computer science - to reinforce concepts and help students “catch up” to their peers
- **Nutritional support** with 1 meal a day with minimum of 500 calories, 8 grams of protein, and other vital nutrients
- **Health check-ups** including anemia testing, immunization support, and eye check ups

## Key Highlights

- **300+ students**
- **Seven Qualified teachers** experienced in teaching slum children, two volunteer teachers, one substitute teacher
- **Partnership with local Primary Health Centre** for ongoing health check ups
- **Meals designed by a qualified nutritionist**
- **Partnerships** for food and health supplements

# AFTER SCHOOL CLUB

Our 'After-School Club' (ASC) program aims to supplement the functioning of the mainstream public education system for the community, by focusing on the following activities.

- We work towards helping 'out of school children in developing the basic skills needed for them to be ready to take on formal learning in schools.
- We also provide after-school support in the form of doubt clearance and reinforcement of key concepts for children who are already enrolled in government schools.
- We essentially incentivise participation and involvement in learning through parent engagement and incentives like the provision of school supplies and learning aids, a meal supplement per day, as well as regular free health check-ups for the holistic development of our children.

## Outcomes

Our unrelenting efforts at ASC have led us to observe several lasting outcomes in children.

- A VU ASC Graduate is an individual ready to face the world with confidence and commitment.
- We instil in children a zeal for continued learning.
- There is a sense of readiness for formal school in children.
- Our purposeful aids help them in better retention and performance in formal school.
- Their overall physical and mental health is also enhanced by our multifaceted approach.
- They're equipped to form better relationships with the community, including peers and adults.

## Impact

With every passing day, we come closer and closer to our vision of making a difference in as many lives as we can.

- Strong academic backgrounds in children help ensure sustainable livelihoods as adults.
- The enhanced skills in individuals lead to wider access to opportunities for them to achieve their aspirations.
- The knowledge that they gain plants in them is self-belief and efficacy.

# AFTER SCHOOL CLUBS: THE NEW PARADIGM

The three Vision Unlimited After School Clubs cater to five slum clusters in Kadarapur, Badshahpur, which house about 625 families. This is what we know of our 300+ students from October through December 2022.

The children came back to school after a month long summer camp- the kids did well, and there was no significant loss of learning since we had one hour of regular tuition through the summer camp also. The kids came back to school with enthusiasm, and participated in both, academic and various extracurricular activities.

Gender Ration

Total Number of Children

| Clubs | Male | Female | Total |
|-------|------|--------|-------|
| ASC 1 | 58   | 59     | 117   |
| ASC 2 | 47   | 39     | 86    |
| ASC 3 | 41   | 25     | 66    |
| Total | 146  | 123    | 269   |

Most of our students are first generation learners, and have been out of school even before the pandemic. But they've coped well with the learning loss- responding enthusiastically to the remedial lessons which were the need of the hour.

This was a time for catch-up learning, with pupils and teachers alike, pulling up their socks for the long haul. This was also the time for joyous celebration: the festive season and the coming new year, and our children and their families, like the rest of the city, were happiest to enjoy the early winters.

# HEALTH & NUTRITION

## Midday Meal for Our Children

Our community kitchens continue to operate. Our school mothers are paid to cook for the children. Each of the ASCs have a fully functioning kitchen and their own cook, who are the happiest to cook, and serve, lunch to our students six days a week.

This meant a freshly prepared, nutritious meal for our children, which is served to them piping hot on the school premises, by one of the school mothers, and our teachers. The food requirements for all clubs are taken care of by private donations.

Continued support from the local community with biscuits, juices and other sweet treats meant our children often had a snack in addition to the hot lunch. This quarter also saw a lot of treats- friends and families celebrated Children' Day, Diwali and Christmas with our children.

## Menu

**Sunday:** Vegetable Pulao and Black Gram curry

**Monday:** Rice and lentils (with vegetables in the dal)

**Tuesday:** Holiday

**Wednesday:** Pulao and Kidney Beans

**Saturday:** Eggs / Khichdi / Noodles

**Thursday:** Lentils and Pulao

**Friday:** Potatoes and Soyabean nuggets curry with rice

## Immunisation

The eligible children were administered Polio drops by the local PHC workers in the last week of January, as a mop up round of immunisation in ASC 1, 2 and 3.

Additionally, all the children above the age of 12 years, have received at least one dose of the COVID vaccine, in keeping with the nationwide immunisation program.

## STAFF REORGANISATION AND RECRUITMENT

All of our teachers made sure the overall learning and development of our students was not hampered by the festivities in the air. The Christmas Carnival brought out their other talents to the fore, as the teachers and pupils prepared for their first major stage performance in front of a huge audience. Ms Sadhana joined the organisation, Ms Babita was relieved of her teaching responsibilities as she took over supervisory duties full time, for all three Clubs. . Ms Meenu and Ms Niki, our substitute teacher, very ably bridged the gap, when Ms Shashi was on a long week to celebrate a family wedding.

# Teaching Responsibilities

|              | Morning | Afternoon    |
|--------------|---------|--------------|
| <b>ASC 1</b> |         |              |
| Priti        | ECE     | NFE          |
| Rozy         | NFE     | After School |
| <b>ASC 2</b> |         |              |
| Sadhana      | ECE     | After School |
| Kanchan      | NFE     | After School |
| <b>ASC 3</b> |         |              |
| Shashi       | ECE     | ECE          |
| Babita       | NFE     | NFE          |

Our cooks in ASC 1 and 2 are both school moms and will continue to cook for us. The kitchen in ASC 3 will be shut starting the new year, because a lot of children have left for their village, and so has our cook. For now, the children will be served a meal bought from a local vendor, as that is proving to be more cost effective. . The children in all three clubs continue to get a hot lunch, six days a week. The food is served to the kids, and the cooks also do the dishes for the younger children. The older children wash their own plates.

Another school mom is paid to clean the ASC 2 six days a week, especially the kitchen, hallways, and the bathroom. The children are also responsible for keeping their classrooms clean

# Annual Eye Camp

All our children had annual eye check up with Dr Shibul Bhartiya and Optometrist Mr Tarun Goyal at ASC 2 on the 13th of November, 2022. All children with eye allergies and refractive errors were given the appropriate treatment in consultation with their parents.

The data collected is being analysed in conjunction with Government Medical College, Chandigarh; and Chacha Nehru Hospital, New Delhi so as to help formulate better protocols for eye health in these vulnerable children.

**Lung Fu**

All our child  
Test, on the

The data collected is being analysed in conjunction with Postgraduate Institute of Medical Education and Research (PGIMER), Chandigarh, so as to help formulate better protocols for respiratory health in these vulnerable children.

# OUR GEMS:

## Our Class Ten Graduate Drops Out

Seventeen year old Dheeraj is the eldest of four siblings, and lives in the School 1 jhuggi. His father suffered a stroke during COVID-19 second wave, and is confined to the bed. Despite all odds, Dheeraj managed to clear his Class X exams. His GPA of 4.80 despite working two jobs, and juggling his responsibilities is testimony to his remarkable courage and resilience.

Team Vision Unlimited was proud to support his further education, and gifted him his bright new bicycle to enable him to get to his Govt School, and his shop faster, saving time.

However, Dheeraj has since dropped out of school. He was involved in a local gang fight, got into trouble with the police, despite our best efforts.

He has had to move away from Badshahpur, and is no longer attending school. The teachers are in touch with him regularly, and encouraging him to continue studying on his won.

We hope we can persuade him to come back to school once the heat dies down.

# Admission and Drop Out

Here are the details of new admissions, as well as drop outs, in the three ASCs.

| ASC 1               | Drop Out  | New Admission | Re -Admission | Mainstream |
|---------------------|-----------|---------------|---------------|------------|
| <i>ECE</i>          | 3         | 0             | 4             | 0          |
| <i>NFE</i>          | 12        | 6             | 1             | 0          |
| <i>After School</i> | 8         | 8             | 2             | 0          |
| <b>Total</b>        | <b>23</b> | <b>14</b>     | <b>7</b>      | <b>0</b>   |

| ASC 2               | Drop Out | New Admission | Re Admission | Mainstream |
|---------------------|----------|---------------|--------------|------------|
| <i>ECE</i>          | 5        | 0             | 0            | 4          |
| <i>NFE</i>          | 3        | 0             | 0            | 5          |
| <i>After School</i> | 0        | 0             | 0            | 0          |
| <b>Total</b>        | <b>8</b> | <b>0</b>      | <b>0</b>     | <b>9</b>   |

| ASC 3        | Drop Out  | New Admission | Re Admission | Mainstream |
|--------------|-----------|---------------|--------------|------------|
| <i>ECE</i>   | 25        | 7             | 9            | 0          |
| <i>NFE</i>   | 12        | 7             | 10           | 0          |
| <b>Total</b> | <b>37</b> | <b>14</b>     | <b>19</b>    | <b>0</b>   |

|                |           |           |           |          |
|----------------|-----------|-----------|-----------|----------|
| <b>Overall</b> | <b>68</b> | <b>28</b> | <b>26</b> | <b>9</b> |
|----------------|-----------|-----------|-----------|----------|

## Mainstream

Children who mainstream schools are : Anand, Jeenat, Aryan Nishad, Luvkush, Lokesh, Ansul, Rihan, Aniket and Tarun from ASC2.

# COMMUNITY ENGAGEMENT

## Parent Teacher Meeting

The PTMs for this quarter were held each month in the three ASCs, and were attended by the parents with great enthusiasm. The topics covered were health and hygiene, nutrition, and students' progress. This time we also distributed soap and detergent to the parents, to encourage hygiene and participation. We also sought their permission for various excursions and lung function test camps.

| Club  | Oct-22    |            | Nov-22    |            | Dec-22    |            |
|-------|-----------|------------|-----------|------------|-----------|------------|
|       | Date      | Attendance | Date      | Attendance | Date      | Attendance |
| ASC-1 | 22-Oct-22 | 46         | 14-Nov-22 | 74         | 18-Dec-22 | 49         |
| ASC-2 | 15-Oct-22 | 17         | 06-Nov-22 | 75         | 11-Dec-22 | 58         |
| ASC-3 | 16-Oct-22 | 55         | 06-Nov-22 | 55         | 16-Dec-22 | 26         |

# CELEBRATIONS

## Childrens' Day Celebrations

All three schools came together for a grand Childrens' Day celebration on the 14th of November, at the local Tau Devi Lal Park.

They left in buses from school for a day long picnic with swings and games and fun and frolic. And of course, what is a picnic without lots of junk food, cake, juices and laughter! Everyone came back home tired, and full of stories, eagerly awaiting the next excursion.

## More Fun!

Twenty of our children with the best attendance from each school were invited for a special lunch at the Dhansoo Cafe in the Ambience Mall, as part of the ongoing Children's Day celebrations. The kids came back awestruck and happy- full of stories about the delicious food, the enthusiastic dancing, and the standing ovation they got for their sterling performance in school.

## Diwali, Chhathh and Christmas

Our children celebrated both, Diwali and Chhathh, in school with their friends and teachers. Their families also dropped in to enjoy the festivities in school, and it was the perfect antidote for all the strife they had all gone through in the previous two years. The Vision Unlimited Family was delighted to share their joy.

Our friends from Devyani International and Kentucky Fried Chicken organised a celebration Christmas feast for the children!

# Christmas Carnival

Our children were invited by the Sanjhi Khushi and Senior Reading Racoons Foundation for a day of unadulterated fun, feasting, singing and dancing.

The children loved the trip to the Community Centre in Faridabad, where they also performed to two songs on the stage in front of a large audience, with great joy and aplomb.

They came back home full of stories and laden with gifts, and lots of new friends.

## Our Helpers and Friends

The children of two schools in Gurgaon, The Sriram Millennial School and Shikshantar, got together to collect old woollen clothes for our children. The residents of The Close South in Nirvana Country, also donated their old warm clothes.

This means that all of our students are well equipped for the bitter North Indian winters ahead.

Mr Arjun Gupta, a Screen Actors Guild Nominee, from Florida, USA, conducted a day long theatre workshop on the 28th of November, 2022. This was for the children of ASC 1, which was delightful and inspiring for the kids.

## Our Volunteers

These youngsters have very ably assisted the ASC programs through this summer.

- Nirvaan Patnaik (Project Melody)
- Aradhya Bhartiya

Both our volunteers coached and led the children in singing the national anthem, as well as our school song, Hum Honge Kamyab, on the guitar.

# SCHOLASTIC ASSESSMENT

The details of the scholastic assessment of the three clubs are mentioned below. This includes both extra curricular and co-curricular assessments.
