The Impact We Wish to Deliver

- Integration, and increased retention of underprivileged students from transitional communities, into the public education system
- Improved health indices (body weight, height, BMI) through meal supplements and regular health check-ups
- Overall personality development through specialized learning programs

What We Do

- **Classroom teaching** in foundational subjects such as English, Hindi, Maths, EVS and Computer science – to reinforce concepts and help students “catch up” to their peers
- **Nutritional support** with 1 meal a day with minimum of 500 calories, 8 grams of protein, and other vital nutrients
- **Health check-ups** including anemia testing, immunization support, and eye check ups

AFTER SCHOOL CLUBS

Holistic development of the child:

- Foundational learning
- Promoting health & immunisation
- Providing nutritional support
- Extracurricular activities
- Safe space for social interaction

Our 'After-School Club' (ASC) program in Gurugram, Haryana, aims to supplement the functioning of the mainstream public education system for the transitional communities, by focusing on the following activities.

We work towards helping 'out of school children in developing the basic skills needed for them to be ready to take on formal learning in schools.

We also provide after-school support in the form of doubt clearance and reinforcement of key concepts for children who are already enrolled in government schools.

We essentially incentivise participation and involvement in learning through parent engagement and incentives like the provision of school supplies and learning aids, a meal supplement per day, as well as regular free health check-ups for the holistic development of our children.

**4 After
School Clubs
386 children**

KEY ACTIVITIES

The children continued to come to school through the summer.

01

Regular Classes

Regular classes continued through the quarter, with breaks for the many holidays.

02

Extra-curricular activities

Sundays continued to be fun-days, with four hours fun and frolic: hobby classes, outdoor games, singing, dancing, mehndi, sewing and cooking

03

Health Check

Monthly recording of height, weight.

04

Immunisation

The children got their routine immunisation, polio drops, deworming medication and vitamin supplements as prescribed

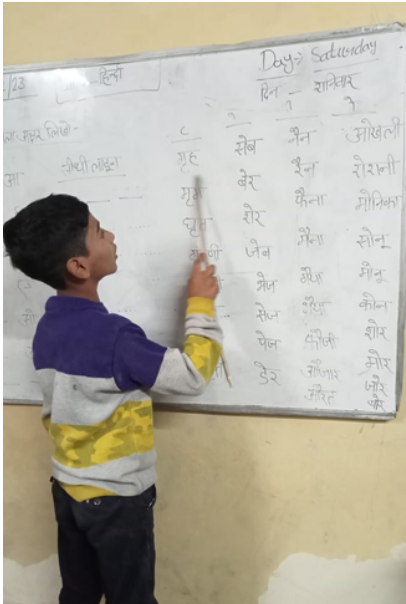

05

Kitchen

Two new kitchens were started this quarter. Now students of ASC 3 and 5 also get a hot, cooked meal each day.

ACADEMICS

Routine classes continued from October to December, with breaks for the festivals.

NUTRITION

Our kitchens continued to make sure the children got a hot cooked meal. the festive season brought with it several festivals- the many parties meant that the children had enough junk food and sweets to satisfy even the pickiest eaters!

Dussehra, Diwali, Navratri & Chhath Celebrations

As always, our children celebrated each festival with great joy and camaraderie. Here are some glimpses:

KFC made our Diwali party extra special

Christmas Party

Santa Claus came visiting, along with friends from Max Healthcare, and Max Life Insurance. There was cake, gifts, dancing and enough joy to brighten up the grey winter chill! Here are some glimpses.....

Christmas Carnival

Our children wait for the Sanjhi Khushi Christmas Carnival, and this year was no different! The kids went to Faridabad for day long party. There were dance performances, street plays, magic tricks and games. And not to forget, an all you can eat buffet!

Impact Evaluation & Training

Our 360 degrees impact evaluation with Research for Impact, Singapore, had all stakeholders huddled in a three day conversation, which culminated in a teachers training workshop.

Joanne and Sherria met with teachers, students and their parents over two days. Their work was facilitated by volunteers who translated what was said into English, but what we realised was that the joy and pride all of us- teachers, students, volunteers, and parents- felt in the Vision Unlimited family, showed in our faces, and did not require a translation at all.

We will share the impact evaluation report with you once it is available.

Teachers' Workshop

The impact evaluation ended in a day long teachers' workshop, understand the motivation and the value proposition behind the organisation. Needless to say, it has left us all motivated, and raring to do better by our children!

Sweater Distribution

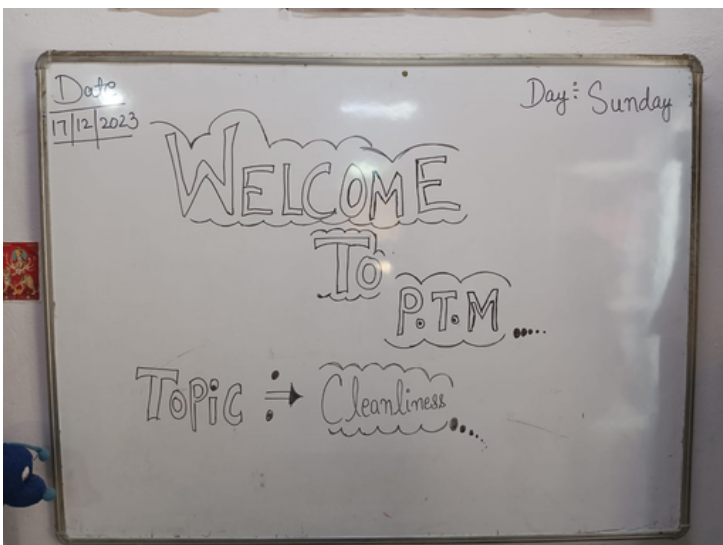

This Christmas our friends decided to share a warm hug with our students- the children loved their new red uniforms!

PTM

Our parents are integral to the ASC's success.

Club	Oct-23		Nov-23		Dec-23	
	Date	Attendance	Date	Attendance	Date	Attendance
ASC-2	22-Oct-23	65/187	19-Nov-23	80/187	17-Dec-23	80/187
ASC-3	22-Oct-23	30/71	19-Nov-23	30/71	18-Dec-23	32/71
ASC-4	30-Oct-23	50/63	19-Nov-23	43/63	19-Dec-23	25/63
ASC-5	22-Oct-23	31/65	19-Nov-23	45/65	20-Dec-23	35/65

A New Beginning

Kitchens in ASC 3 & 5

Our 360 degrees impact evaluation with Research for Impact, Singapore, had us realise how important the mid day lunch was- for our children, and their working mothers. For this, we started the kitchens in ASCs 3 and 5, serving a hot, cooked meal to all our children.

A small kitchen was constructed in ASC 5, while ASC 3 has an open kitchen.

The ASCs Get Painted

All the classrooms were painted just ahead of the festive season- the children voted for their favourite colours- and the campaigning for pink and lavender would make seasoned politicians blush!

Coping with an Unimaginable Loss

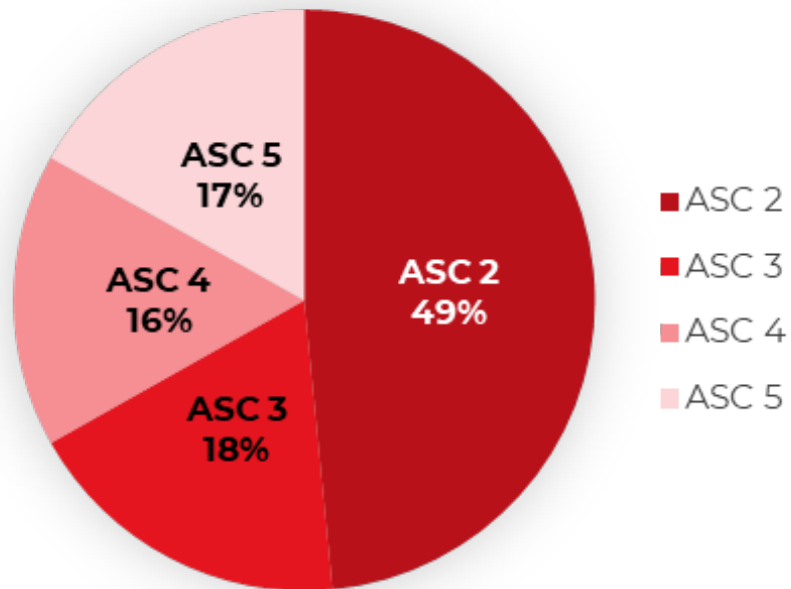

Nandini, a student of ASC 4, passed away on the 26th of October, in a tragic accident. She was a brave and beautiful girl, who loved dancing and wanted to be a doctor. Always smiling, and ready to help, Nandini was always the star of school picnics and dance parties. Her passing has left us all in shock, and grief.

Her family, of course was inconsolable, and our children and teachers also struggled to cope with her loss. Counselling sessions, with psychiatrists and psychologists, helped children find words to express their feelings. VU is extremely grateful to Drs Samir Parikh, Dr Navneet and Dr Manya for taking care of our children at such a time.

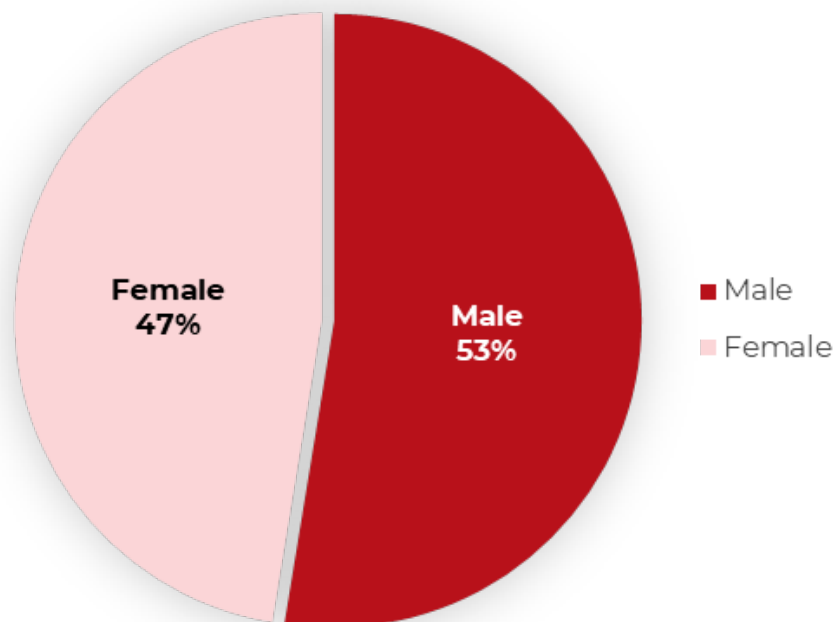

Students & Gender Diversity

NEXT STEPS

We continue doing what we are doing, and hope to bring more children into the educational mainstream.

Our efforts for their holistic development remains on course.
